Haifa Wehbe has raised her wage to \$70.000 to perform in any new yearâ€™s or Christmasâ€™ concerts, which is a sum \$10.000 higher than the sum she used to get in her latest shows.

Haifa â€“as confirmed by Maitres Ds- wanted and had promised to keep her previous wage after recession but then had raised it again after finding that many divas have done so like Elissa, Nancy Ajram, Diana Haddad, Madeleine Mattar, and Marwa by 15-25% and that they even have signed contracts after raising their wages.
